Llandovery

A great touring base!  
A warm welcome!  
*and*  
Luxurious Facilities.

Llyn Brianne

Market Square, Llandovery

## Carmarthenshire

Carmarthenshire is a county of quiet pleasures. Its attractions and activities, in the main, are rooted in its rich landscapes and farming traditions. The county isn't called the 'Garden of Wales' for nothing. Its title is inspired by the landscapes in which the gardens and heritage sites are set in. The county has many wonderful attractions for all ages to enjoy. From its glorious beaches, spectacular gardens and natural landscape to its historic castle and ruins. Visit the National Botanic

Erwlon is a family run park with a warm welcome and excellent award winning facilities including a heated amenity block, family rooms, laundry, super pitches, a motor caravan service point and plenty of landscaped pitches available. Within easy walking distance of the ancient borough of Llandovery and at the foothills of the Brecon Beacons, Erwlon is an ideal base for touring, walking or cycling in South West Wales. You can get to all the primary attractions and coastal resorts of South and West Wales within a comfortable drive of about 1 to 1.5 hrs and we have a number of circular tours you can follow to take in the beautiful countryside on your way.

Carreg Cennen Castle

For the kids why not take a tour down the "Big Pit" and go below ground again at the Showcaves at Dan-yr-Ogof or even look for gold with a guided tour of the National Trust's Dolaucothi Gold Mines. If they want more excitement have a thrilling ride at the Oakwood theme park or take a jet boat around the islands off Pembrokeshire but if you really want to tire them out let them go pony trekking or mountain biking instead! Oh! don't worry we've even got a few ideas for the under fives and over 70s!

Children's play area

We pride ourselves on our friendly welcome (in Welsh if you wish) and we have been running the park alongside our dairy farm for three generations now so we must be doing something right. Please come and see for yourselves - you won't be disappointed!

## Llandovery

Set in the beautiful Towy Valley between the Cambrian Mountains and the Brecon Beacons, Llandovery is a small market town, rich in history and mysticism.

Legends abound here – not least of these is the legend of

Llywelyn ap Gruffydd

the Lady of the Lake who still weaves her magic from her watery kingdom at Llyn y Fan Fach. We invite you to wander through the hills and valleys and feel for yourself the magic and beauty of our unique and historical area. Enjoy here the traditional Welsh hospitality but beware – or you may become bewitched and never leave us!

*'We recently stayed at Erwlon and I feel I must put something down regarding the excellent service, site and facilities. The site is both level and safe. There is little or no noise at the evening. We found the new toilet block excellent along with the serviced pitch. The owners were extremely helpful and made the whole weekend a delight. If you are looking for a well run site with excellent facilities then look no further.'*

National Botanic Garden of Wales

Garden of Wales at Llanarthne, Aberglasney – a garden lost in time or heritage sites such as Dolaucothi Goldmines or Dinefwr Park in all its glory with medieval deer park, historic Newton House and Dinefwr Castle or walk up the nature trails to the site of the Iron Age Fort on Merlin's Hill. Experience it all in Carmarthenshire and ensure you plan a visit to each of the attractions. Don't just read about it - do it, plan a visit now!

*'We have just returned from a lovely weekend at Erwlon, the site has level pitches throughout and is spotlessly well kept surrounded by woodland views with the sound of a brook flowing past the campsite.'*
